

Dear Colleague:

We invite you to the heart of Southern California - Orange County to support and/or exhibit at the inaugural IEEE International Symposium on **INERTIAL SENSORS AND SYSTEMS**. This exclusive symposium will be organized in a boutique oceanfront **Surf & Sand Resort** in Laguna Beach, California, USA on February 25-26, 2014.

The IEEE ISISS is sponsored by the IEEE Sensors Council and is the only IEEE event exclusively dedicated to the Inertial Sensors and Systems technology, the industry which is projected to exceed \$4.0B this year.

The event offers a rare opportunity to meet and network with leaders in the field of Inertial Sensors and Systems in the professional atmosphere of a focused international technical Symposium. The breadth and depth of research topics combined with the quality of invited and contributed technical presentations makes this Symposium a 'must attend' Event for your company.

There are several opportunities for your company to be involved in IEEE ISISS 2014

- Exhibit during the Conference – see the Exhibit Contract attached
- Sponsor and Participate in the event – see Patron/Sponsor Contract attached

Please visit www.isiss2014.org for details about the symposium, technical program, and information for exhibitors/patrons.

We invite you to join us at the inaugural IEEE ISISS - "**Exclusive Symposium in a Boutique Oceanfront Resort**"

Sincerely,

Conference Chair: Andrei Shkel, *University of California Irvine*
Exhibit Coordinator: Chris Dyer, *Conference Catalysts, LLC*
